

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of every international business. Transporting industrial goods occurs each day on our hectic planet. Originally innovated as industrial vehicles during the 1930s in the United States, forklifts gained popularity after WWII in the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machines spread globally.

Originally started as Toyo Carrier Manufacturing Company Limited, in the year 1949, the business was later renamed Toyo Umpanki Co. previous to becoming known as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's very first forklift. Over the years, TCM forklifts have become an international leader in lift truck manufacturing and have built a solid reputation with the business. TCM began building forklift manufacturing sites outside of Japan during the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

With over 50 years of accumulated technology and expertise, TCM has been proudly making numerous models of industrial lift trucks, making their models recognizable all over the world. With a strong and energetic workers, TCM has been able to constantly work towards becoming a future leading material handling company.
