

Rockwell Part

Rockwell Parts - AxleTech International is a premier supplier in the world of specialty vehicle drive-train systems and components together with off highway vehicles. The business prides itself on being its clients' chosen supplier. AxleTech strives to exceed and meet their clients' expectations for quality, service, technology and delivery. They believe in working within an atmosphere which supports the utmost integrity with empowered collaboration, along with a unrelenting pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively using principals of ecological stewardship and safety in how they do business. The business has put various programs in place to be able to articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with whatever questions or comments, since they are happy to promote and share this policy with a greater understanding of their efforts. They are really committed to improving and preserving the surroundings. AxleTech has an EHS program that not just protects the natural world but which even actively protects their neighbors and workers too.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in designing and manufacturing planetary axles meant for both military and commercial applications. These applications range from airport ground support to construction equipment. AxleTech specifically designs axles to meet specific application demands. They have more than one thousand various axle specs within their present offering. With over 100+ years of history and skill, AxleTech proudly supplies the most complete solution for any of your axle requirements. The business is well known in various commercial and military applications. They provide complete axle assemblies utilized for aftermarket replacement needs, along with servicing axle needs for OE production. Their high mobility ISAS have added details that can be seen in the "ISAS" product selection.
